## Medical and Dental Ministry

July 2016

Dear Friends,

In the next few weeks, scores of young people will pack their belongings to head off to college. A new and potentially exciting life awaits them as they take a hallowed step into academia and adulthood.

Do you remember what your life was like when you were 18 years old? How were you feeling about the next chapter of your life? Transitions can be challenging. We get that--it's why Cru has launched new resources to help students prepare for college. This is where we are asking for your help...

If you or someone you know has a child who's heading for college soon, please share Cru College Bound with them (<https://www.cru.org/communities/campus/collegebound.html>). It's full of helpful videos and articles on topics like how to grow your faith at college, how to build friendships that will last, and more.

Most importantly, please invite these upcoming freshmen to complete this form (<https://cruforms.wufoo.com/forms/zynu3e20xved6c/>). When the student fills out that form, someone will follow up quickly. Later this summer, Cru will put that student in touch with people at their school who will welcome them in the name of the Lord Jesus, Lord willing, before these fantastic students even go to the bookstore to buy their books! Parents, Churches, and Youth Group leaders do a great job of building bridges out of the homes and local churches. College Bound is our way of building a bridge from the campus to these incredible students.

Early next month, Diana and I will be welcome a new class of medical students. Your prayers could make a big help in connecting us with key students at the right time in the best way.

Every day you are making a difference in the lives of people around the world. Thank you for doing that over and over and over again. We are grateful that God connected us.

*Bob & Diana*
