Graduations

Earlier today our son, Jordan, graduated from Cal Poly San Luis Obispo (SLO) with a business degree in marketing. We are so proud of him for this accomplishment and amazed that he completed his program in under three years.

Bob's brother, James, and his family from Mississippi, along with some of Diana's parents, joined us here in California for the big event. There was the normal pomp and circumstance plus time at the beach, touring and time together.

Jordan leaves tonight for a short mission trip to Seattle followed by a few weeks at home in Redlands, and then back to SLO to job search and continue doing volunteer campus ministry with Campus Crusade at Cal Poly.

Last month we celebrated medical school graduation with another group of students. Four years ago Diana connected with several med student wives and a special wives' Bible study began. We were honored that our home was the site of their special graduation party. Over 100 friends and family crowded into the backyard for a great time of celebration and fellowship.

It's back to Redlands tonight and tomorrow will join our 13th annual Whole Person Care Preceptorship. We'll have 4.5 weeks with a select group of medical, nursing, pharmacy, and allied health students who are coming from across the US. This is likely the most strategic month of our year that often has a lifelong impact on these students. We need your prayers during this time. Thanks for making this possible and drop by to visit if you are in California!
