

June 11, 2014

Dear Friends,

As we write this, several students, physicians, and other health professionals are making their way to Redlands for a significant meeting.

Many of these have attended one of our annual Whole Person Care Preceptorships. Others have attended several of our METS Conferences.

We'll be training them to assume new faculty roles at our future METS Whole Person Care Conferences. These events will be held in strategic US and international locations. Plus, we'll be asking God to show us where He wants us to launch new conference locations.

You are a key part in seeing more Christian physicians, dentists, nurses, and students become effective ambassadors for Jesus. **Many patients and their families will now hear about God's love and compassion** during the most challenging days of their lives. And that will happen, in part, because of your partnership and generosity.

Thank you!!!!
