## Medical and Dental Ministry

May 2016

Dear Friends,

You are shaping the training and curriculum of an entire Pharmacy School.

In January you helped us host a METS Whole Person Care Conference for some pharmacy students who were members of Christian Pharmacy Fellowship International (CPFI). So impressed with the experience of the conference, the CPFI faculty advisor invited Bob to have lunch with he and the Associate Dean of Pharmacy. As we ate, he suggested to the Dean that the Pharmacy School might want to consider utilizing the training we offer in the academic curriculum.

As she listened to how we are able to equip students and professionals to meet the medical and spiritual needs of their patients, she immediately began making plans to include every single first year student in this training. In fact, she committed several class sessions plus clinical/hospital time as well.

At Bob's suggestion, the School flew in Ashley Townsend de Lara, PharmD to help lead some of the training. While she was a student, Ashley attended our Whole Person Care Preceptorship. Since then she has become most proficient in addressing the spiritual needs of her patients and has served as faculty at our conferences and on mission trips.

We anticipate a long and lasting relationship with the School of Pharmacy. Thank you for impacting and shaping so many for the Kingdom.

*Bob & Diana*
