

Our Nest is Empty!

August 2017

From a relationship that began as college freshmen, Elissa and Logan are now married! They will live in Manhattan Beach, CA where Logan is a youth pastor and Elissa has just accepted a job as a registered nurse in telemetry at Torrance Memorial Medical Center. You've been a significant part of our family during this time. Thank you so much for journeying with us in life and mission.

The day before the wedding, the new med class arrived. In a blurred insert, Bob welcomes the class at orientation. Over the next few days, please pray we make quick and strong connections with this new group of future physicians.

Bob & Diana
