Medical and Dental Ministry

June 2017

Ministry Road Trip!

In just a few hours, we'll welcome another diverse group of students from across the US, Canada, and Puerto Rico to our 2017 Whole Person Care Preceptorship. We'd be grateful for your prayers because for the next five weeks, you'll be helping us challenge and train these emerging healthcare professionals to walk more closely with Jesus and live on mission for a lifetime. It's the most intense and fruitful time of our year.

Last month, Bob traveled to Memphis, Tupelo MS, Cincinnati, New York, Bristol TN, and then an unexpected midnight landing in Los Angeles rather than as planned the closer airport in Ontario, CA.

In Memphis, he was able to connect with several Preceptorship alums who are now in residency and practice. Mississippi brought a refreshing few days with family and friends. In Cincinnati, he was honored to again speak at the national meeting of Christian Community Health Fellowship. Those in attendance are serving in Christian clinics in inner-city and underserved neighborhoods nationwide. Bob and Preceptorship alum Jenn Jung, MD were able to equip many of them to ethically and sensitively share the hope of Christ with their patients.

In New York City, he was equipping some Cru summer mission Ivory Coast-bound undergrad students. They are providing health screening care and addressing the spiritual needs of those they meet. In Bristol at the Christian Medical Dental Associations national staff meeting, Bob spoke on the biblical foundations and principles of funding one's ministry.

Thank you for being a blessing to so many in so many locations and in so many ministries. God is using and multiplying your investments in so many ways. May He bless you with a refreshing summer!

Bob & Diana

A caring community passionate about connecting people to Jesus Christ
