

March 2019

## Denver!

Recently Bob and Diana traveled to Colorado for a multi-objective ministry trip. In Denver they joined over 400 hundred fellow Cru staff for the annual Summer Missions Team Leaders Training. These staff and student leadership will be giving direction to some 200+ Cru student world-wide summer missions. At left, we join together in a concentrated time of prayer to seek God's guidance and blessing in these strategic outreaches that students consistently describe as the "best summer of my life."

Our son, Jordan, and his wife, Jenny, will be leading a team of students to East Asia. During a dinner break, Jordan and Diana rode rented electric scooters back to the hotel. Bob felt it was "too cold to be riding scooters", opted for the bus, and bumped into Irielle Banks, MSN, FNP-C, a 2006 Preceptorship alum. She works in New Orleans and was on a quick vacation.

Before and after the Cru training, Bob spoke at 2 Colorado medical schools. His talk "Taking a Spiritual History: Good Medicine for Patient and Professional?" seems to draw students and faculty—many who do not identify as people of faith. In addition to introducing the importance and value of such patient care, these sessions often generate meaningful conversations between Christians and non-Christians plus introduce our summer and conference opportunities.

The annual Dominican Republic Medical Mission trip begins this week. We'd be grateful for your prayers. And we are most grateful that you join us every day through your prayers and investments. Thank you!

*Bob & Diana*

### Upcoming Events
