## GMHC 2019

The **Global Missions Health Conference** is the *world's largest Christian medical missions conference*. Held annually in Kentucky, some 2,800+ healthcare professionals and students converge to discover worldwide opportunities and plans to proclaim Christ everywhere by meeting the physical and spiritual needs of people.

Through **teaching, prayer, and worship** of a holy and omnipotent God, people experience the love of our creator and his call on our lives. He is worthy of our obedience and fully capable of empowering us to be his hands, feet, and voice to those who have yet to call him Lord. GMHC fosters dynamic times of connecting with him.

Interactive displays powerfully portraying urgent needs. Connections with over 175 sending/equipping ministries. Plenary sessions. Networking. Smaller topical breakout sessions. All are key components of GMHC. This year, **Bob lead a well-attended session** on meeting the spiritual needs of patients in international and domestic settings. We also host a booth so people can learn more about our ministry.

GMHC culminates with a time to **pray, give, and/or go** to share Christ through medical missions. At right, people lay commitment cards on specific locations on a worldwide map.

Thank you for making a difference worldwide through your prayers, gifts, and service!

*Bob & Diana*

A caring community passionate about connecting people to Jesus Christ
