

CAMPUS CRUSADE FOR CHRIST

July 19, 1983

Dear Friends,

I am most pleased to inform you that I have received full acceptance as a staff trainee with Campus Crusade for Christ. It is exciting that God has opened the door for me to serve Him in this ministry.

After four weeks of intensive study, the summer session of the Institute of Biblical Studies has come to an end. The training which I have received has given me an excellent overview of what the Word of God contains and how that relates to the Christian life. The instructors under whom I studied were outstanding. These men were not only interested in our learning the material, but equally concerned with how we were going to apply it to our daily lives. Such a blend of instruction provided a unique approach.

Two weeks ago all those attending IBS had the opportunity to share our Faith throughout several tourists areas in the state. By dividing into teams and using scavenger hunt games, we were able to begin casual conversations which usually lead to an opportunity to present the Gospel. My team went to Boulder, Colorado. During the day we saw one man invite Christ into his life. Please pray for him as he begins his new life and me also as I seek to help him grow.

One thing which God has been teaching me while here at IBS is the importance of maintaining an adequate balance between my time alone with Him, studies, ministry, social life and personal time. It would be so easy to become engrossed in one or two of these areas, but God has repeatedly shown me the necessity of being a well-balanced individual.

Let me again ask you to pray for me on a daily basis. I understand that New Staff Training, which begins on Wednesday, involves a demanding schedule. Your prayers will enable me to better receive the most benefits from my time here in Colorado.

Thank you again for your part in making this training possible for me. You are all in my prayers.

Sincerely His,

A handwritten signature in cursive script that reads "Bobby Mason".
