Fall Journeys

As more students return to campus, we're **connecting with new groups on a broader scale.**

Recently in Florida, Bob spoke at the med schools at U Florida in Gainesville and U Central Florida in Orlando. Since the UCF campus is only steps away from the U Florida pharmacy school, the hosting Medical College Outreach (MCO) group invited the Christian Pharmacists Fellowship Int (CPFI) group to join. The CPFI students invited their classmates and were thrilled when many non-Christians accepted their invitation.

At both campuses Bob argued that providing spiritual care to patients improves patient outcomes, increases patient satisfaction, can sometimes decrease costs plus complies with accreditation requirements. **Student responses** were positive:

"Awesome presentation—it has me thinking about how I will practice this in the future!"

"Very interesting. Loved the "proof" of this being something that works."

"I really appreciated this because I feel it gave me the permission I needed to ask about spiritual matters with my patients."

"Presentation was amazing. Medicine/science can be seen as incompatible with faith. It's encouraging that the opposite is true."

"I am so blessed to have joined and I wish it was a part of the residency program."

Orlando is home to our **Cru International Headquarters**. We met with leaders to discuss ways even more healthcare students could benefit and be mobilized for the kingdom. Though this was Diana's first time at this complex, Bob and MSN/METS founder Yang Chen, MD were present at the headquarters ground breaking ceremony 25 years ago.

In almost every state there are opportunities to **reconnect** with those we have trained in whole person care. In Gainesville are med students Erica and Daniel. In Orlando is Shalimar, a family medicine resident physician, from Puerto Rico. These precious friends attended our summer training in California.

You are making a difference! Thank you for your partnership!!!

Bob & Diana

A caring community passionate about connecting people to Jesus Christ

Upcoming Events **JOIN US!!!**

- October 7—Speaking at Washington Univ School of Medicine in St. Louis
- October 8—Speaking at Oklahoma State College of Medicine in Tulsa
- October 8-9 Whole Person Care Conference, Tulsa, OK
- October 11—Speaking at University of Mississippi School of Medicine
- October 12—Speaking at William Carey Univ College of Medicine
