## Head South!

After Bob spent a week speaking at medical schools in 4 southeastern states, he and Diana headed to Dallas to lead our METS Whole Person Care Conference with Watermark Health and Baptist Campus Ministries. Students and professionals joined us!

“Christian who’s a healthcare professional” or “Healthcare professional who’s a Christian”? Ben McKinney, MD explores how work, calling & mission come together in the Bible.

Preceptorship alum Katherine Facundo, MSN, RN leads a small group discussion and presented the ethical basis for spiritual care with patients.

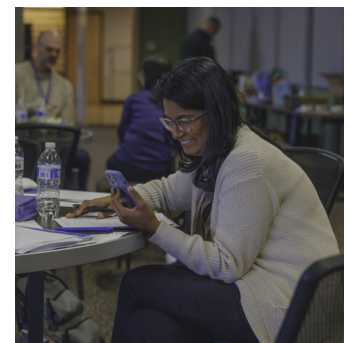

Bob explains when and how one shares the gospel of Jesus in healthcare settings.

Will and Sophia (med students at UT Southwestern & *married to each other!*) discuss spiritual care with patients.

Discussion, reflection, Q&A, addressing challenges. making connections with other Christian healthcare professionals—it’s all part of the training.

Via Zoom, preceptorship alums from around the country pose as “patients” so everyone gets practice sharing the gospel and praying with patients.

Thanks for your part in this journey to inform, encourage, equip, challenge and launch so many for the kingdom!
